GRAPE VARIETIES & TERRIORS

Malbec

The diversity of terroirs of this estate is reflected in the complexity of its wines. Clay-limestone soils bring structure and minerality, sandy soils confer elegance and finesse, while clay and gravelly soils contribute to aromatic richness.

WINEMAKING & AGEING

Grapes harvested at peak phenolic ripeness, capturing intense flavor and color development. Hand-sorted grapes undergo small-batch fermentation in stainless steel tanks. Extended maceration ensures deep color extraction and tannin development. Malolactic fermentation in barrels softens acidity and enhances mouthfeel.

KOSHER CERTIFICATION

This wine is certified under the strict guidance of the Badatz and OU and is kosher for Passover.

RELATED COMMENT

Hailing from the esteemed Château du Vieux Puit, this Malbec showcases the versatility of Bordeaux terroir. Deep and inky in color, the wine exudes aromas of ripe blackberries, plums, and a subtle hint of violet. On the palate, it unfolds with lush, concentrated flavors of dark fruit, intertwined with notes of dark chocolate, espresso, and a touch of savory spice. The tannins are firm yet well-integrated, providing a solid backbone that complements the wine's full-bodied character. With each sip, the Chateau du Vieux Puit Malbec reveals layers of complexity, culminating in a lingering, velvety finish that leaves an indelible impression.
